

CITY OF MOUNTAIN PARK LEAK ADJUSTMENT POLICY

1. It is the intent of the City of Mountain Park to allow for adjustments to water bills in extreme cases of hardship. It is not intended to fully compensate for a property owner's costs.
2. This policy shall apply in those cases in which the City of Mountain Park is not at fault in causing the leak.
3. As a courtesy to its customers, the City of Mountain Park may notify customers of a suspected leak. The City of Mountain Park shall have no responsibility for any expenses incurred by the customer in determining if a leak is present.
4. A customer is obligated to keep all pipes and plumbing on his side of the meter in good working order. Once water has passed through the meter, it is the customer's responsibility. Upon the customer having any reason to suspect a leak, the customer is obligated to act immediately to repair the leak.
5. If a customer desires to request an adjustment to his water bill because of a leak, the customer must file a written request on a Leak Adjustment form provided by the City of Mountain Park.
6. No Adjustments shall be made unless the following conditions are present:
 - A. The customer must provide evidence of leak repair; eg. repair bill, letter from plumber or repair company, receipts if self-repaired, or at a minimum, letter from the customer to describe the situation.
 - B. The customer may qualify for a leak adjustment only once per year.
 - C. The customer has paid all uncontested water bills owed to the City of Mountain Park.
