Sec. 105-202. Purpose and intent of article.

The city deems it necessary and desirable in the interest of public health, safety and welfare to enact an ordinance for the conservation, planting and replacement of trees and to prevent the indiscriminate removal of trees in the city without denying the reasonable use and enjoyment of real property. The importance of trees is recognized for their shade, cooling, noise and wind reduction, soil erosion prevention, oxygen production, dust filtration, carbon dioxide absorption, aesthetic and economic enhancement of all real property, and their contribution to the general well-being and quality of life of the citizens of the city. Consistent with the expressed purpose of this article, all persons shall make reasonable efforts to preserve and retain existing, self-supporting trees. It is also the intent of this article that all applicable sites within the city maintain or obtain a minimum tree density. (Ord. No. 239-00, § 6-9-2, 8-21-2000; Ord. No. 292-06, § IV, 8-21-06)

A MESSAGE FROM YOUR MAYOR

**Next Dumpster Day is
July 6**

Well, Spring has finally arrived in the beautiful City of Mountain Park. Along with that comes the potential for dangerous weather as can be seen by what has happened in the Midwest. Information is key to safety and communication is essential to that information. Please read, fill out and return to City Hall, the phone number and e-mail addresses you would prefer used in case of an emergency. City Hall will try to provide as much updated information as possible during an emergency to ensure your families safety. Thank you for your cooperation and enjoy one of our most beautiful times of the year.

I look forward to seeing you at our annual July 4th Celebration.

Respectfully,

Jim Still

The City of Mountain Park regrets the error in the May 2013 newsletter regarding the Code Ordinance for Animal Control. It had stated that “Dog must be confined to the premises of the Owner or other person having custody and must be restrained by means of fence, wall or other enclosure **OR BY LEASH OR CHAIN.**” Please be advised that the County of Fulton **DOES NOT** allow the tethering or chaining of animals and we had therefore updated our Code accordingly and it was incorrect in including that language in the original newsletter. We apologize if there was any confusion.
